ALL READERS AND PRAYERS Thank you for all you do. Please feel free to adjust the microphone when you come to the front, and make sure it is pointing at you when you begin.  
 READERS If you can, do read the passage beforehand, so that you can introduce it ... for example how does it fit into the surrounding verses? It need only be short, but it helps listeners to understand what is being said. If you need help with any difficult names, then do talk to Tim!  
 PRAYERS There is a book with seasonal resources at both churches available now, which include some ideas for intercessions. If you want to use it, please feel free to adapt the material as necessary. Talk to Tim for further details.
